

A large, stylized number '2' is the central focus of the image. The number is filled with a high-resolution texture of yellow corn kernels, showing their characteristic rounded shape and glossy surface. The kernels are arranged in neat rows and columns, creating a strong sense of pattern and depth. The number '2' is set against a plain white background, which makes the vibrant yellow of the corn stand out. The overall composition is clean and modern, with a focus on natural textures and bold typography.
