

A stylized illustration of a yellow snake with a textured, brush-stroke-like surface, winding across a solid brown background. The snake's head is at the top left, with a small yellow forked tongue. The body forms a series of loops and curves, ending at the bottom right. Scattered around the snake are several abstract, organic shapes in the same yellow color, resembling small plants or fungi. In the top left corner, there is a white, rounded rectangular shape representing a camera cutout. On the right side, there is a white, irregular shape representing a notch or a specific device form factor.
