

The image shows a phone case with a vibrant, concentric circle pattern in shades of pink and blue. The pattern resembles a target or a ripple effect. In the center of the design, the words "Main Character Energy" are written in a bold, stylized, italicized font. The text is white with a thick black outline. A small pink starburst graphic is positioned above the word "Main". The phone case has a white oval cutout at the top left for the camera and a white rectangular cutout on the right side for the volume buttons.
